

# TPM11 - Session 5

## Discussion Points in Session 5

The 11th Tripartite Presidents Meeting  
among NIES, NIER and CRAES (TPM11)  
*November 11-15, 2014 — Kawasaki, Japan*

**Session 5**  
**Other Issues**

**Discussion Points in Session 5**

**SHIMIZU Hideyuki, KONDO Yoshinori (NIES)**  
**KANG Phil Goo, YOO Jin (NIER)**  
**ZHOU Yun, WU Jieyun (CRAES)**

# Discussion points in Session 5

## **(1) Priority Research Areas (PRAs) in TPM**

**Name and contents of each area**

**Focal points in each institution**

**Lead Coordinating Institute (LCI) of each PRA**

**New PRA**

## **(2) Role of Working Group**

**Focal points in each institution**

**Collaboration with FPs of PRAs (Communication among FPs in each PRA must be shared with FPs of WG for checking and enhancing the prompt collaboration)**

## **(3) How to strengthen the TPM activities**

**Cooperation projects**

**Extension/development of TPM activities**

**(1) Collaboration with other researchers/institutions in 3 countries**

**(2) Collaboration with developed/developing countries and international organization other than 3 countries**

## **(4) Electronic materials of previous TPM reports for public (website)**

## **(5) Information on next TPM (TPM12) in Korea**

# Lead Coordinating Institute (LCI) of Priority Research Area (PRA)

- (1) Freshwater Pollution (CRAES)
- (2) Asian Air Pollution (NIER)
- (3) Urban Environment & Eco-city (CRAES)
- (4) Dust & Sand Storm (NIER)
- (5) Chemical Risk & Management (CRAES)
- (6) Biodiversity Conservation (NIES)
- (7) Solid Waste Management (NIER)
- (8) Climate Change (NIES)
- (9) Disaster Environment (NIES)

# Discussion points in Session 5

## (1) Priority Research Areas (PRAs) in TPM

Name and contents of each area

Focal points in each institution

Lead Coordinating Institute (LCI) of each PRA

New PRA

## (2) Role of Working Group

Focal points in each institution

Collaboration with FPs of PRAs (Communication among FPs in each PRA must be shared with FPs of WG for checking and enhancing the prompt collaboration)

## (3) How to strengthen the TPM activities

Cooperation projects

Extension/development of TPM activities

(1) Collaboration with other researchers/institutions in  
3 countries

(2) Collaboration with developed/developing countries and  
international organization other than 3 countries

## (4) Electronic materials of previous TPM reports for public (website)

## (5) Information on next TPM (TPM12) in Korea

# Discussion points in Session 5

## (1) Priority Research Areas (PRAs) in TPM

Name and contents of each area

Focal points in each institution

Lead Coordinating Institute (LCI) of each PRA

New PRA

## (2) Role of Working Group

Focal points in each institution

Collaboration with FPs of PRAs (Communication among FPs in each PRA must be shared with FPs of WG for checking and enhancing the prompt collaboration)

## (3) How to strengthen the TPM activities

**Cooperation projects**

**Extension/development of TPM activities**

**(1) Collaboration with other researchers/institutions in 3 countries**

**(2) Collaboration with developed/developing countries and international organization other than 3 countries**

## (4) Electronic materials of previous TPM reports for public (website)

## (5) Information on next TPM (TPM12) in Korea

# Some Collaboration System in NIES

## **Contracts & MOU**

**Introduction of the NIES regulation regarding collaborative works with researchers in other organization**

**Regulations Regarding Organization at the National Institute for Environmental Studies**

**Notice of Collaborative Research Group Head**

組織規程＋連携研究グループ長の委嘱等に関する達

**Regulations Regarding Visiting Researchers at the National Institute for Environmental Studies**

客員研究員規程

**Regulations Regarding Collaborative Researchers at the National Institute for Environmental Studies**

共同研究員規程

**Collaboration of researchers in other institutions using similar systems of each institute to expand TPM activities**

# Discussion points in Session 5

## (1) Priority Research Areas (PRAs) in TPM

Name and contents of each area

Focal points in each institution

Lead Coordinating Institute (LCI) of each PRA

New PRA

## (2) Role of Working Group

Focal points in each institution

3 countries

(2) Collaboration with developed/developing countries and  
international organization other than 3 countries

## (4) Electronic materials of previous TPM reports for public (website)

## (5) Information on the next TPM (TPM12) in Korea

The image features a blue-tinted photograph of Mount Fuji, a large snow-capped mountain, rising above a layer of white clouds. At the bottom of the frame, there is a white silhouette of a city skyline, including several rectangular buildings and a prominent tower with a lattice structure, resembling the Transamerica Pyramid. The text "Thank you so much for your attention!" is written in a red, cursive font across the middle of the image, positioned over the clouds and the lower part of the mountain.

*Thank you so much  
for your attention!*
