

Summary of Plenary Sessions: Opening Session

Takako ONO

**Greenhouse Gas Inventory Office of Japan
Center for Global Environmental Research
National Institute for Environmental Studies**

7 July 2013

Design of WGIA11

- WGIA11 was designed according to the Terms of Reference (TOR) finalized through activities for WGIA10.
- In accordance with the TOR, members of the WGIA Organizing Committee (OC) and Advisory Board (AB) were nominated from WGIA participating countries (nomination of OC members from some WGIA participating countries is still on-going).

Design of WGIA11

Country	Nomination of OC member
Cambodia	Confirmed
China	On going
India	On going
Indonesia	Confirmed
Lao PDR	On going
Malaysia	Confirmed
Mongolia	Confirmed
Myanmar	Confirmed
Philippines	Confirmed
Republic of Korea	Confirmed
Singapore	On going
Thailand	Confirmed
Vietnam	Confirmed

Advisory Board	
Dr. Rizaldi Boar	Indonesia
Mr. Kiyoto Tanabe	Japan
Dr. Byong bok Jin	Republic of Korea
Dr. Sirintornthep Towprayoon	Thailand

Agenda of WGIA11 was designed by referring to comments from OC and AB members.

Opening Session

- Presentations

- Mr. Naofumi Kosaka (GIO)
 - Overview of WGIA11

- Mr. Yoshinori Suga (MOEJ)
 - Japan's climate change policies

- 5 Questions for considering NAMAs and BURs
 - How should we evaluate emissions and removals resulting from NAMA?
 - How should the emissions and removals be reflected to National Communications?
 - (NAMAs are not comprehensive even though they belong to policy-based, project-based or sector-based.)
 - How can we reflect the emission reduction and removal enhancement to National Communication consistently?
 - How should we prepare biennial update reports by the end of next year?
 - How can we reflect the emissions and removals resulting from NAMA to the BURs?

Sessions I, II, III

- Sessions I, II, III: Sessions relevant to BURs and periodical national GHG inventory preparation
 - Dr. Akagi will summarize these sessions after this presentation.
