

# **Session IV: GHG inventories, Projections and Mitigation Actions**

## **Introduction**

*Greenhouse Gas Inventory Office of Japan (GIO)  
Center for Global Environmental Research (CGER)  
National Institute for Environmental Studies (NIES)*

**WGIA 15**

**July 13<sup>th</sup> , 2017**

## Session IV

- ➤ Session IV focuses on the interlinkages between GHG inventories, projections and mitigation actions
- The Aim of Session IV is
  - ✓ To understand how better inventories and their national systems can help improve projections and mitigation actions
  - ✓ To understand key issues to consider in the development of inventories, projections and mitigation actions
  - ✓ To gain knowledge on support programs to improve GHG inventories

# Timetable for Session IV

Schedule	Title	Presenter
9:00 – 9:05	Introduction	Dr. Midori Yanagawa (GIO)
9:05 – 9:30	Importance of Developing Fluorocarbon Emissions Inventory and Emissions Mitigation Analysis	Dr. Tatsuya Hanaoka (AIM/NIES)
(Cancelled)	GHGs Emission and Mitigation Actions in Iran in 2020-2030 Horizon	Mr. Mohammad Sadegh Ahadi (Iran)
9:30 – 9:45	Australia's National Inventory System for GHG inventory reporting	Mr. Haakon Marold (Australia)
<b>9:45 – 10:15</b>	<b><u>Questions and Answers, Discussion</u></b>	All
<b>10:15 – 11:00</b>	<b>Tea Break</b>	

# Timetable for Session IV

Schedule	Title	Presenter
11:00 – 11:15	IPCC TFI: Recent Activities	Dr. Baasansuren Jamsranjav (IPCC/TFI/TSU)
11:15 – 11:30	National GHG Inventories for Development of Mitigation or NDC Actions	Mr. Stanford Mwakasonda (UNEP/UNDP/GSP)
11:30 – 12:00	<u>Questions and Answers, Discussion</u>	All

**Let's start the session!**
