Session IV: International Activities Contributing to GHG Inventories and Mitigation

Introduction

Greenhouse Gas Inventory Office of Japan (GIO)
Center for Global Environmental Research (CGER)
National Institute for Environmental Studies (NIES)

WGIA 13
August 6th , 2015

Aim of Session IV

➢ Provide an overview of international activities contributing to GHG inventories and mitigation

   ✓ what kind of support is available?

   ✓ what kind of resources are available?

   ✓ what kind of related activities are undertaken?

➢ Explore what the challenges are and what might be done to deal with them

1. Technical Cooperation by JICA

9:05 – 9:25	Overview of "Sub-project 3 of Project of Capacity Development for Climate Change Strategies in Indonesia"	Mr. Hiroyuki Ueda (MURC/JICA Sub-project 3, Project of Capacity Development for Climate Change Strategies)
9:25 – 9:45	JICA Effort to Mitigate Climate Change in the Forest and Land Sector in Indonesia: IJ-REDD+ Project	Mr. Shigeru Takahara (JICA REDD+ Project)
9:45 – 10:00	Q&A, Discussion	

Greenhouse gas Inventory Office of Japan

2. International Support/Resources Available

10:00 – 10:20	Capacity Development Activities in Support of National GHG Inventories by FAO	Dr. Mirella Salvatore (FAO)
10:20 – 10:40	IPCC TFI: Recent Activities	Dr. Baasansuren Jamsranjav (IPCC/TFI/TSU)
10:40 – 10:55	Q&A, Discussion	
10:55 – 11:15	TEA BREAK	

Greenhouse gas Inventory Office of Japan

3. Other Activities, Support/Resources Available

11:15 – 11:30	Estimating NMVOC emissions in Japan, China, and India	Dr. Satoru Chatani (NIES)
11:30 – 11:45	Development of NAMA and MRV Guidebooks	Dr. Chisa Umemiya (IGES)
11:45 – 12:00	Current State of Joint Crediting Mechanism and Relevant JICA Cooperation in Indonesia	Dr. Jun Ichihara (JICA CMEA Project)
12:00 – 12:30	Discussion	

Greenhouse gas Inventory Office of Japan

Possible questions for discussion

- ✓ What challenges have been faced?
- ✓ How were these challenges dealt with?
- ✓ What kind of support/resources are useful?
- ✓ Where are the possible gaps in support/resources?

Let's start the session!
